

DIVIDED CUSTODY CHILD SUPPORT CALCULATION

Case Name: _____

Case Number: _____

Children in primary custody of Father (list names and ages): _____

Children in primary custody of Mother (list names and ages): _____

Attach this form to form DR-305, *Child Support Guidelines Affidavit*, or form DR-105, *Petition for Dissolution of Marriage*, to explain the child support calculation if custody of the children will be divided as defined in Civil Rule 90.3(f). That is, it must be attached only if each parent has primary physical custody of one or more children of the relationship and the parents do not share physical custody of any of their children.

1. Father's adjusted annual income (from section D on form DR-305 or section II.D on page 4 of form DR-105) up to \$105,000. \$ _____

2. Multiply line 1 by the decimal for the number of children in primary custody of **mother**:
.20 for one child
.27 for two children
.33 for three children x _____
.03 for each additional child

Father's Annual Child Support (Minimum amount is \$600.) \$ _____

3. Mother's adjusted annual income (from section D on form DR-305 or section II.D on page 4 of form DR-105) up to \$105,000. \$ _____

4. Multiply line 3 by the decimal for the number of children in primary custody of **father**:
.20 for one child
.27 for two children
.33 for three children x _____
.03 for each additional child

Mother's Annual Child Support (Minimum amount is \$600.) \$ _____

5. Difference between line 2 and line 4 \$ _____

6. Support must be paid by: Father if line 2 amount is larger than line 4
 Mother if line 2 amount is smaller than line 4

7. Monthly Payment Amount (line 5 divided by 12) \$ _____

Write the paragraph 7 amount on either form DR-305, page 2, section F.3, or form DR-105, page 9, section VI.A.3.c.
